

EFFICIENCY UPGRADES AND YOUR CONGREGATION

Cut energy costs with easy building improvements.

For most houses of worship, investing in energy efficiency can pay off in more ways than one. In addition to providing a more comfortable and welcoming atmosphere for your congregation, the right mix of high-efficiency upgrades to your facility can help cut your energy costs up to 30 percent.*

Programs to help you conserve energy

The Commercial Solutions Program from Entergy Texas will help you save energy and money by providing no-cost recommendations for building improvements, as well as financial incentives based on energy savings. The program has worked for many houses of worship in Texas, including Sacred Heart Catholic Church in Conroe, Grace Lutheran Church in Orange and Forest Park United Methodist Church in Beaumont.

Eligible projects

- Lighting.
- HVAC.
- Refrigeration.
- Roofing.
- Custom/Other.

The Commercial Solutions Program has already saved Texas organizations \$611 million.** Imagine what it can do for yours.
